Metropolitan Governments Form Cooperative Alliance

In a new initiative toward coordination and cooperation, elected officials of Randall County, Canyon, Amarillo and Potter County joined together in a loose organization Tuesday and then set about discussing some mutual problems.

Members of the governing boards of each entitity lunched together Tuesday in Amarillo, formed a loose group to continue the informal meetings and tackled an initial problem — that of solid waste disposal.

Canyon City Commissioner Jim Christopher was named chairman of the unnamed group which ties the four entities together for cooperative discussions. Randall County Commissioner Bill Butler was named secretary-treasurer of the group. Potter County Judge Branch Archer was named vice chairman.

The alliance was formed at the urging of Amarillo Mayor L. Ray Vahue, who noted that while in the past the four governments have worked together periodically, some formalized alliance needed to be formed.

Other officials enthusiastically supported the idea.

Randall commissioner John Fulgenzi noted that all the governments are working toward the good of one metropolitan area.

"We're all trying to do the same thing," Vahue responded.

The group will meet every other month in an open meeting to discuss pertinent issues.

The first issue brought up at the Tuesday session was one in which all four entities are now entangled — solid waste disposal.

Fulgenzi focused on the problem in outlining briefly the problems the City of Canyon is having with public dumping at the city dump.

Vahue explained briefly the recent flexible decision by the Amarillo city commission to locate a sanitary landfill dump ground north of that city.

Randall commissioner Bill Butler suggested that it might be feasible for the Amarillo commission to consider a landfill in the area south of Amarillo, a landfill which might be paid for and used by all four governmental entities.

Amarillo City Manager John Stiff confirmed that the farther a dump ground is from the population mass the more propensity there is that people will dump garbage on county roads.

He predicted, as has Canyon City Manager George Loudder, that if the Amarillo landfill is placed north of Amarillo, the Canyon landfill will receive many more customers particularly from South Amarillo.

Stiff and Vahue said the Amarillo commission would be glad to look at and consider any section of land south of Amarillo for a landfill location.

Randall commissioner Paul Lindsey pointed out that it might be more efficient and economical for the city to operate two landfills — one to the north of Amarillo and another to the south.

Stiff said if land can be found suitable for a landfill his offices would certainly consider it.

But, the discussion hit a sour note when a Potter County commissioner suggested that cooperation might also be forthcoming from Randall County on construction of a new jail facility.

Randall commissioners have several times shunned such a proposal and have even flatly refused to participate in a joint jail construction project.

County Judge Woody Pond turned the discussion back to solid waste by asking the group to take one issue at a time.

County's Ag Products Total $51 Million in '72

Randall County ranked in the top 10 among Texas counties in livestock cash receipts for 1972 and in the top 20 in agricultural income, according to figures released this week by Texas Agriculture Commissioner John C. White.

White said Randall County ranchers brought in $40,449,000 last year. Combined with cash receipts from crops and government payments, the agriculture income for the county totalled $51,984,000.

He said, in addition, receipts for the first seven months of 1973 show an increase over the 1972 figures.

County Agent John Brazzil said Randall County ranks 12th or 13th in total agricultural income in the state. The county ranked 11th in 1971.

"It's by far the biggest business we have here," he said. "Not anything else even comes close to it."

The county ranked in the top 10 in livestock receipts in 1971, also.

Brazzil said the figures released by White include receipts on all cattle from farms and ranches, from cattle feedlots and from dairies in the county for the year.

Currently, the county has a one-time feedlot capacity of about 121,000 head of cattle. Turnover in the feedlots is about 1.8 times per year.

And, Brazzil said as many as 60,000 head of cattle will graze on Randall County pastures during a year and as many as 12,000 head are in breeding herds and dairy herds in the county.

In the figures released, Randall County is credited only with the add-on value of the cattle. In other words, Brazzil said, if a cow is brought to a feedlot in the county at a weight of 600 pounds, the county receives credit only for the 400 pounds the cow adds during her feedlot stay.

CHS Eagles Open District Play Fri.

The Canyon Eagles, lugging four losses behind them, go into district action this weekend against the Levelland Lobos at 7:30 p.m. Friday in Levelland.

After suffering through a season untried by any of its district AAA opponents, the Eagles with bruised morale but with healthier team members, will try a Lobo team which has ended its first six games on the plus side.

Levelland, which has seen action against four teams and two AAA teams, carries a 4-2 record into their district opener.

While Canyon coach Ron Mills may curse his luck against his four AAAA opponents, he's ready to concede that AAAA opposition may make for tougher competition than AA teams.

Nevertheless, he knows that Levelland will be up for its first district game.

Injuries are not expected to be the factor in Friday night's out-

The Canyon High School Eagle Band under the direction of J.W. King garnered top awards in the University Interscholastic League Marching Band Contest held Tuesday on the West Texas State University campus. The ensemble was one of only two Class AAA marching bands to receive a first division rating and a marching trophy. Represented at the meet were 30 high schools and 3 junior high schools in Region 1 of the Texas Panhandle, including the Tulia High Band shown above.

Festivities For WTSU Will Begin

Judy Lynn, has been acclaimed for her yodeling, and has studied classical music, but she will concentrate on her specialty — country and western music — in an appearance Friday night for a West Texas State University Homecoming audience.

The featured entertainer for WTSU's Homecoming activities, this week, is a former Miss Idaho. Her yodeling won first place in the talent division of the Miss America Pageant, and gave Judy a headstart into country-western stardom.

Now a veteran of night clubs, theaters, rodeos, fairs and television, Judy will perform at 8 p.m. Friday in the WT Fieldhouse.

Tickets, $1 for non-resident students, $2 for ex-students, and $3 for non-students, are available at the Activities Center or at the door.

Homecoming activities will commence today with a bonfire-pep rally at 7:30 p.m. in the campus police parking lot area.

A Spirit Walk, to precede the bonfire, will start in the area between the Fine Arts Building and the gymnasium, and following the rally a dance is scheduled in the Activities Center.

Saturday's activities include the WTSU-Utah State football game, Homecoming Carnival, Distinguished Alumni banquet and Nance Ranch dedication.

Thirty-four student organizations are sponsorng game booths and concession stands with offerings such as tricycle races, bingo, cotton candy and French cuisine for the carnival from 10 a.m. to 4 p.m. on the south lawn of the Education building.

Dr. Ivy M. Parker of Austin and Dr. Robert D. Leachman of Houston will be honored at the Distinguished Alumni awards luncheon at noon in the East Dining Hall. The luncheon will be followed by the annual meeting of the West Texas Ex-Students, Inc.

Ceremonies at the Nance Ranch begin with a tour of the 2,393 acre ranch from 3-4 p.m. The dedicatory program, with the state Commissioner of Agriculture John C. White as featured speaker, is at 4 p.m.

A beef dinner will be served for the invited guests at 5:30 p.m. at the ranch.

County To Offer Lump Sum For City Services

Randall County commissioners will offer the City of Canyon $10,000 as the amount the county owes in a joint services arrangement, it was decided Monday.

Commissioners, reviewing the city's offer of a contract with costs based on usage, will present their proposal to the city through negotiators John Fulgenzi and Paul Lindsey.

The $10,000 will be the amount to be paid under the city's figuring of what the county owes for services which the city extends to the county. And, it is the county's answer to the city's contract proposal presented recently and elaborated last week in a negotiating session.

The county and city have been at loggerheads for several months over a report prepared by City Manager George Loudder stating that the city loses money when it trades on services with the county.

Currently, the city provides library service, fire service and dump ground service to rural areas in exchange for jail facilities and police communication facilities provided by the county.

Following their regular business Monday, county commissioners scrutinized the contract proposed by the city on an item by item basis.

They rejected out of hand the city's request for funds for providing library service to rural residents.

"We want to do what's right, but some things in here — like the library — we shouldn't even be paying for at all," said Commissioner Bill Butler. "That should come off altogether."

Butler said he sees no need to support a city library when Canyon is already covered by the West Texas State University library.

Fulgenzi also warned that if

Buffs Meet Utah Aggies In Homecoming Outing

West Texas State University's Buffaloes, after taking last week off, return to action this week by hosting the Utah State University Aggies at 7:30 p.m. Saturday in a homecoming football game at Frank Kimbrough Memorial Stadium.

The Aggies, under new coach Phil Krueger, have won four of five games this fall. West Texas State snapped a three-game losing streak in their last outing by beating Lamar University, 13-0, and making their season record 2-3.

Last week's break gave several Buffaloes time to heal from injuries, but several are still slated to be out of action.

Coming off the injury list are offensive tackle Ed Alford, defensive tackle Don Field and nose guard Ben Bentley. Alford injured a foot and missed two games. Field had missed the first five games with a broken foot. Bentley had a deep thigh bruise which kept him out of action for two weeks.

Still out with knee injuries are safety Daryl Carr and wingback Mickey Matthews. Linebacker Steve Rogers, out since the first game with a broken arm, won't start workouts until next week. Tailback Rick Schleider may miss the game because of a slight concussion and linebacker Ben Colbert is still slowed from a knee injury suffered against Lamar.

Annex Construction Plans To Begin

An architect will be hired within a month to begin work designing a new south Amarillo annex of the Randall County courthouse.

County commissioners, following a Monday meeting during which they purchased 7.2 acres of land in South Amarillo, told The News they will proceed as rapidly as possible to build a new annex building on the land.

Commissioner Bill Butler said a "wild guess" on the size of the new annex would be about 3000 square feet.

Commissioners indicated they will invite several architects to make presentations to the commission during the coming month, select an architect and set him to work on the building design.

They have not, they said, decided how to finance a new structure to house a branch of the tax office, a branch of the sheriff's office, and the office of Justice of the Peace W. W. Hancock.

But, commissioners indicated they may consider use of time warrants, the financing method used to pay for the new north portion of the Canyon courthouse.

The 7.2 acres of land purchased Monday by the county will be financed out of revenue sharing money returned to the county through the federal government.

Price of the land is $145,000, a total commissioners said was "unbelievably low."

Commissioners met in closed session last week to discuss negotiating for the land and Butler announced the acquisition Monday afternoon.

The land is located just east of Georgia Street and south of the Canyon Expressway. At one time, it was home for the old Palo Duro Drive-In Theatre.

Citing current problems with the annex now in use, an annex built in 1957, Butler said the commission felt it a better idea to rebuild rather than renovate, an avenue they had considered.

"We have real problems with our annex," he said, noting that holes in the walls and ever-leaking pipes have been repaired numerous times.

He also said the current annex is too crowded and inaccessible to really serve the South Amarillo public.

Accessibility apparently was a strong selling point in the Georgia Street property.

Commissioner John Fulgenzi originally broached the subject of need for a larger and more accessible annex last year. Since that time, commissioners have been eyeing land buys in the South Amarillo area.

While the 7.2 acres is more than needed even for a large annex, com-

moved the ball almost entirely through the air with the passing arm of All-American Tony Adams, have a balanced attack this fall between running and passing.

Tailback Archie Gibson leads the ground game with 487 yards, an average of 4.8 yards per carry. Fullback Jerry Cox has picked up 198 rushing yards.

Quarterback Tom Wilson has completed 37 of 81 passes for 436 yards and two touchdowns. Split end Kelly Deist has 10 receptions for 98 yards and flanker Craig Clark has 13 for 184 and two touchdowns.

Schleider has been the Buffs' leading rusher with 269 yards. Billy Pritchett, who missed almost two games with an injured knee, has 184 yards and tailback Jimmy Lisle has run for 145 yards.

Quarterback Don Nava is the key passing man for the Buffaloes — hitting 46 of 91 passes for 638 yards and one touchdown. Tight end Merced Solis paces the team in receiving with 18 for 277 yards. Split end Tracy Dickson has six receptions for 149 yards.

Saturday's game will continue a football series, in which Utah State holds a 2-0 advantage. Utah State won the opening game of the series in 1967 in a wild scoring battle, 44-27. That game saw Utah State lead 28-14 at the end of the first quarter. Utah State won 20-10 in 1968.

The Aggies have beaten Weber State, 10-3; Nevada-Las Vegas, 7-3; Brigham Young, 13-7; and Colorado State, 34-18. The lone loss was 35-7 to San Diego State.

Four Locals To National Horse Show

Four Canyon young people will be among eight from the area to leave next Sunday for Columbus, Ohio, to participate in the week-long All-American Quarter Horse Congress, the country's largest Quarter Horse show and seminar.

The eight will represent the Panhandle Quarter Horse Exhibitors Association as a team in the Youth Team Tournament Division of the Ohio show. They will compete against about 50 other youth teams from all over the nation.

Those from Canyon to compete are Sarah Hicks, daughter of Mr. and Mrs. Wiley Hicks Jr.; Martha Johnson, daughter of Mr. and Mrs. Vern Johnson; John Reger, son of Mr. and Mrs. Buddy Reger; and Janet Robinson, daughter of Mr. and Mrs. Charlie Robinson.

The Canyon four will join team members from Flomot, Amarillo and Hugoton, Kan., to compete in showmanship at halter, horsemanship, western pleasure, English pleasure, reining and barrel racing.

Miss Johnson is president of the youth group.

TSTI Students Tour Museum Exhibition

Students from Texas State Technological Institute were on the West Texas State University campus Wednesday to tour an exhibit of works by 20th Century French architect LeCorbusier, now on display in the Panhandle-Plains Museum.

The 23-member class attended a discussion session on the exhibit presented by Don Dickerson, Amarillo architect.

Dickerson is among the three architects who were conducting guided tours and discussion of the display this week.

Architect Jim C. Doche of Amarillo spoke in a lecture Sunday at the museum. Amarillo architect Pat Punnell is slated to lead a discussion and tour at 10 a.m. on Monday.

The show is being presented under Auspices of Pi Delta Phi, French honor society at West Texas State University, and the Alliance-Francaise of Amarillo-Canyon. The exhibit will remain on display in the Little Gallery of the museum through Oct. 28.

The TSTI class is studying art and interior design under the instruction of Mrs. Brenda Brown, a WTSU graduate in art and French.

Absentee Voting Began Wednesday For Nov. 6 Vote

Absentee balloting for the Nov. 6 special Texas constitutional amendments election began Wednesday in the Randall County clerk's office.

The balloting ends Nov. 2.

County Clerk LeRoy Hutton said registered voters may vote absentee at either the Canyon courthouse or the South Amarillo annex.

He said college students who wish to vote in Randall County but who will be out of the county on Nov. 6 may apply for an application for absentee ballot by writing to his office.

Or, parents of college students or servicemen out of the county may call for an application at 655-2164.

Nine constitutional amendments are on the ballot for the Nov. 6 election.

Most controversial of the amendments is one which would, upon passage, raise the salaries of the state legislators to $15,000 per year and also call for annual sessions of the legislature.

Others involve homestead tax exemption, the concurrent jurisdiction in some cases of the county and district courts, and the Veterans' Land Fund.

Lawless Candidate For TSTA Office

Luther Lawless, principal of Gene Howe Elementary School, is a candidate for treasurer of District 16 of the Texas State Teachers Association. The election date is slated Nov. 8 when area delegates meet in Amarillo.

Lawless, a National Education Association member with 15 years of classroom experience, has variously served as chairman of the legislative commission of the Randall County TSTA, second vice-president of the Elementary School Principals of District 16 and membership chairman of the Panhandle School Leaders Association.

He is treasurer of the Community Action Planning Board and a member of the Special Education Advisory Committee of PESO. In his off-time, Lawless is a coach for several Kids., Inc. athletic teams.

Other candidates for the TSTA post are Gene Brock of Hereford, incumbent treasurer; Judith Doyle of Canadian, and Lynn Marsh of Amarillo.

Other local educators comprising the Canyon delegation to attend the Amarillo meet are E. B. Posey, president of the local TSTA unit; Carroll Killingsworth, Cindy Capps, Mary Townsend, Ada Crager, Fred Stoker and Herman Demus.

missioners assured The News that a portion of the land could be held as an investment. They also assured The News they are harboring no thoughts of moving the main courthouse function to Amarillo.

In other business Monday, Commissioner Paul Lindsey pointed out recent construction of a waterway on McCormick Estates property in the northern portion of the county.

For several months Lindsey has been presenting information to the court on the state of road development in various developments and particularly in McCormick Estates.

In their Monday session, commissioners discussed legal action and other means to work with W. H. Dwight, developer of the tract, to get him to comply with county road specifications.

Lindsey charged that Dwight built a waterway which will dump an enormous amount of water onto Georgia Street, thereby creating a potential hazard for county road motorists.

Commissioners will ask Dwight and his attorney to meet with the court to discuss the issue.

Commissioners also hear a presentation by Dale Williamson and Ed Timmons on the Amarillo Urban Transportation Study. Williamson and Timmons said the study provides the county with traffic figures and provides planning for future road usage.

The county pays about $3000 annually to the study group.

the county subsidizes the Canyon library it would of necessity be asked to subsidize the Amarillo library, also.

Commissioners also decided to pay the full $18,000 asked by the city for fire services extended to rural areas.

But, they decided not to pay the city $4500 sought for fines and fees collected by the county for city prisoners. Their action came after Dist. Atty. George Dowlen said such transfer of fines and fees would be illegal.

In discussing the Canyon city dump, which is north of Canyon, commissioners said they believe the figures used by Canyon to attribute usage to the county are inflated.

They said the figures, which would have the county paying the city about $7400, should be adjusted to reflect the number of persons who use the dump but who are not from the city or from Randall County.

Thus, they lowered that figure by half to pay to the city.

City officials later Monday had no comment on the county's proposal.

But, Mayor Manly Bryan said "I'm not surprised.

"We have not yet received the county's proposal and we will be glad to consider it when we see it."

Another negotiating session on the contract is expected later this month.

county produced the nearly $11 million in crop income during 1972, Brazzil said.

Primary crops in the county are wheat and grain sorghum, with sorghum for years being the leading cash crop.

However, during 1973, wheat has apparently taken the lead in the cash crop field.

Brazzil has estimated that the 1973 wheat crop will total about $12 million, well above the $11 million brought into the county for the entire crop harvest in 1972.

And, he said, grain sorghum crop may come close to that figure also for the year.

Brazzil said historically about $7 million has been the annual crop production for the county in a year.

The 1973 crops are expected to total well over $20 million.

He also expects an increase in the cattle receipts for 1973 primarily due to the stability of high prices.

ing that they were last weekend when the Eagles lost to Palo Duro's Dons, a AAAA school.

Mills said the Eagles were slowed by inexperience at several key positions last weekend but will have his starting performers back in shape for the Lobos.

"We didn't play well at all," Mills said of the Eagles against the Dons. Canyon Quarterback Ed Lair, who threw bullet after bullet last weekend, was an unsure starter in the game and in the backfield the Eagles had Garre LaGrone and Jimmy Ward.

This week, the Eagles should have Lair again at the helm with Gary Bednorz back in the backfield along with LaGrone.

All-district lineman Bob Counseller has switched positions to a linebacker slot on defense and is expected to stay in that slot this week.

Levelland won't be an easy shot for the Eagles. Mills said the South Plains team has beaten this season two of the best AA teams in the area — Littlefield and Floydada.

"They have a real strong offense, much stronger than their defense," he said. "It will be a matter of stopping them. I think we can move the ball."

Mills said the Lobos run a balanced attack off the wing-T formation and can be expected to pass as well as utilize two strong running backs, one of them an all-district selection last year.

Experience on the Lobos could also be a factor as Mills said they returned 10 lettermen to the squad for this season.

"They haven't lost to any AAA teams and I think that's important," Mills said.

The Eagles haven't lost to any AAA teams, either, but they've only played one AAA team this year.

Mills said the Eagle morale is up for the Lobos because the team realizes the district action is the important action of the season.

Taking the stage of the Fine Arts Theatre on the Canyon campus, the two choirs will perform individual programs and join for a final rendition of the WTSU Alma Mater.

Both groups are under the direction of Hugh Sanders, associate professor of music.

"We are very pleased to present both choirs in this concert as they are both strong this year," Sanders says. "These choirs are a good example of the excellence we try to develop at WTSU."

In the first half of the program the Collegiate Singers, accompanied by Karen Alexander, Elkhart, Kan., freshman, will present four numbers.

He joins three sisters, Valerie, Bobbye Jo and Stacy. Mrs. Gertrude Fischbacher of Umbarger is his paternal grandmother and Mr. and Mrs. Hubert Rowland of Delano, Calif., are his maternal grandparents.

THE FISCHBACHER'S HAVE as a guest in their home Guido Schwager from Balterswil, Switzerland. He is a building contractor in Switzerland and is helping Joe to rebuild all his barns. Guido's brother, Tony, also from Balterswil, is working for the Harry Brormans in Hereford. The two plan to tour the United States and then settle somewhere here in the states and learn the English language. Last Sunday, Joe and Glennis and their guest visited with the Pete Fischbachers in Canyon. We hope the visitors enjoy their stay here in America.

VISITORS IN THE John Wieck home over the weekend were Mrs. Marilyn Hicks and Chad, and Annette, Brenda and Natalie Wieck, children of the Larry Wiecks, who came with Marilyn, all from Dalhart and Mrs. Carolyn Kirkland and children from Lamesa.

natural energy HOME

CLEAN ENERGY FOR TODAY AND TOMORROW

A Natural Energy Home uses natural gas for heating, cooling, water heating, cooking and clothes drying to save you money and help conserve our cleanest natural energy resource . . . natural gas.

That's because electricity in West Texas is generated by burning natural gas, and in the process of generating and transmitting electricity to your home, 2/3 of the gas energy is lost.

So, by using gas directly in the home for the jobs it can do, you're helping to conserve it and you're getting more energy for your money.

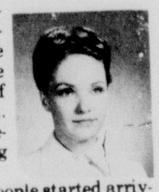
Housewarming A Surprise

By TOOTIE BYBEE

WELL, HERE WE go another busy, busy week. Seems about the time we catch up with our selves something else comes up. Just look around the corner and you see the holidays coming on you so fast. Halloween will be here before we know it or get ready for it.

GUESS FRIDAY NIGHT was about the greatest night I've had in a long time. The surprise housewarming we planned for the Tows came off without a hitch. They never realized a thing until



7:15 and the people started arriving at 7:30. Was one of the most enjoyable surprises I've been in on. We welcomed many friends and neighbors and the gifts were all so very lovely. The refreshments were just out of this world. The most popular being the breads: Pumpkin bread, Pineapple-Nut bread and Apple bread. Guess that is the longest I have been able to keep a secret in a long time. Those calling to wish the Tows best wishes were the Frank Tows and Scott Max Tows, Philip Savalas, Jack Moores, Jimmy Campseys, Roger Whiteheads, Ray Ishams, Wiley Tows, Darrell Tow, Gene Minors, Ronnie Nelsons, Duane McEvers, Tracy Coopers, Forrest Carrs, Delton Ross's, Rebecca Pelfrey, and the Sam Bybees. Hope everyone else liked the surprise as much as I.J. and Ann did cause they were very happy and very surprised.

BLANCHE AND MIKE had lots of company over the weekend. A very close friend of the family was married Friday evening and all the kinfolk gathered at Blanche's to go to the wedding together. Most of them traveled from New Mexico to attend. Marge and Bob Morgan traveled to Snyder, Okla. to visit with Marge's mom and dad and her sister. While there it was her brother's birthday so they put in a long distance telephone call to him in Iowa to wish him happy birthday.

DON'T KNOW WHO had the most fun on the recent retreat held by the Friendship Baptist Youth Choir — the kiddoes or the sponsors. But Barbara Evans looked just a little tired the next day when she delivered a bunch of tired kids home. There were 66 in attendance including Dana Tow, Sherry Evans, Glenna Evans and Leslie Bybee from the park. Heard the food was the greatest and the "Day Songs" from Amarillo College sang for them which they all enjoyed. Barbara deserves the "Good Guy Medal" for being able to stand a whole night with them all.

THE SIOUX TRIBE of the Indian Guides attended the annual fall camp-out at Camp Christmas Tree Saturday and Sunday. The mothers were invited down this time to enjoy the out-of-doors and witness the ceremonial. The Sioux were the only tribe to receive their Golden Eagle Award at the ceremonial this year. This is for outstanding service and awards earned during the year. There were around 500 registered for the camp-out. The families attending from the park were the Roger Whiteheads, Larry Brocks and Troy Mitchells.

SPEAKING OF TROY Mitchell, I hear he is really busy this time of year trying to get the boys he is coaching ready for the ring. He is coaching about 35 boys in the Golden Gloves program. Takes up a lot of his time, but is time well spent with the boys.

HAPPY BIRTHDAY TO sweet little Rosemary, Thursday, the 18. She has brought three happy hectic years to the Whitehead household. Happy birthday to pretty Miss Traca Ann Cooper, who happens to be one of my favorite young ladies.

THE THURSDAY CLUB met at Deann Cooper's for the weekly eat and meet session. Believe that half of the people there were sewing. Joyce Minor is busy making the sweetest bright red "Little Red Riding Hood" coat for little Marcie. We will meet at Joyce's this week. Please, no more carrot cake for my will power's sake.

HOPE THIS FINDS Brooks Ross's finger much improved from the break. But you understand I can't sympathize too much with a grown man who breaks his finger Indian finger wrestling.

HEAR THAT WE may soon be losing another one of our fine neighbors, the Hinsons. Mr. Hinson received his degree and has taken a new job and they will be moving soon. Gee, sure hate to see them go. Didn't visit them, but ran into Mr. Hinson at Sears quite often and will miss seeing the little boys playing in the yard. We wish them the very best.

SEVERAL HAVE ASKED for the Pineapple-Nut Bread recipe so here it is and will be quite frank, it didn't originate with me. Barbara Evans gave it to me several years ago when she served it at a church get together and my husband almost ate the whole loaf by himself.

Pineapple-Nut Bread

1¾ cups sifted flour
½ t. salt
¾ cup chopped pecans
3 T. butter or margarine
1½ oz. can (1 cup) crushed pineapple, not drained
2 t. baking powder
½ cup raisins
¾ cup sugar
2 eggs, unbeaten

Measure first four ingredients into sifter, set aside. Rinse raisins with boiling water to plump them, drain well, set aside with pecans. Gradually beat sugar into butter. Beat in eggs, one at a time. Add raisins and nuts. Sift in about half the flour mixture, stir (don't beat) just until moistened and fairly smooth. Add pineapple with its syrup. Then stir in rest of flour mixture. Quickly, but gently, spoon the heavy batter into greased 9x5x3 in. loaf pan. Sprinkle with a topping mixture of 2 T. sugar and ½ tsp. cinnamon. Bake at 350 degrees for 60 to 70 minutes or until done when tested. Turn out on rack and cool.

I GOT A copy of the recipe book the band is selling for the discount price of $2. It is great. It has so many interesting recipes. Terry Gafford is selling them. If you are interested you might give her a call. Don't know if anyone else out here is selling them or not, if you are let me know. I heard quite a few of the ladies say they would like to buy one.

ALSO, THE JUNIOR class is selling magazine subscriptions. If you would like to order or renew an order, Dana Tow is selling them.

HELLO BETTY TOW!

FORREST, I HOPE you have gotten your money's worth this week!

OH, YES, YOU have all gotten around to asking me how I kept the housewarming a secret for three weeks. I just didn't tell myself about it till the very last minute, so there!

C&W Sweetheart Judy Lynn To Perform Here Friday

Western songstress Judy Lynn will be the featured performer at the West Texas State University Homecoming Concert, slated at 8 p.m. Friday in the Fieldhouse.

Miss Lynn, known as America's Western Sweetheart, is appearing under auspices of the Student Activities Council.

After tucking a devoted following of C&W fans under her sequin-studded Stetson, Miss Lynn has only recently set out to capture the college scene.

The attractive blonde, known for her exceptional yodeling ability, came to the attention of the nation several years ago when she went to the Miss America Pageant as Miss Idaho.

Hailing from Boise, Judy Lynn is attributed with opening up the casinos of Las Vegas to the C&W sound.

The first female country artist to have her own show in the gambling palaces that had previously been off-limits to C&W performers, Miss Lynn has been credited with "showing the way for half of Nashville."

A catching figure on stage in skin-tight, sequinned regalia, Miss Lynn has been a consistent star at the largest fairs and rodeos in the nation.

Her performance credits also include appearances at New York's Carnegie Hall and the London Palladium, as well as appearances in nightclubs and theaters across the nation.

Tickets for her WTSU appearance are priced at $3 for non-WTSU students, $2 for ex-WT students and $1 for non-resident students.

Tickets are now on sale in the Activities Center Information Desk. They will also be available at the door.

The Detroit-based model will arrive in Amarillo Wednesday afternoon to begin a round of personal appearances on the West Texas campus in conjunction with this week's Homecoming festivities, including the WT-Utah State football game.

Miss Smith will be the focus of a rap session in the Activities Center Thursday noon. Several other such appearances are planned between then and Saturday afternoon. That is when the 5-foot-6 blonde, part-time moviemaker, will draw the lucky name from a hopper situated in the Homecoming carnival.

CHS Junior Tops Class

Arlene Koch was awarded $25 recently for being the top salesman in the first few days of the Canyon Junior High School junior class' two-week magazine-selling campaign.

Members of the junior class participating in the drive turned in their first week's subscriptions recently, and Miss Koch was at the top of her class, having sold 39 subscriptions totaling more than $200 in sales.

Altogether, the class netted $3,000 in the initial turn-in of subscriptions.

Russell Killingsworth was the recipient of a furry stuffed toy which he won when he made a lucky stop at the "mystery house" in his door-to-door campaign. The residence was that of Mrs. Ruth Holladay, director of secondary curriculum in the Canyon public schools.

The magazine sales will continue through Wednesday. The project is the largest fund-raising activity undertaken each year by the junior class at CHS. Proceeds go toward financing the Junior-Senior Prom in the spring and the purchase of a senior gift by the Class of '75.

MAIZE HARVEST IS getting in full swing around here. Some of the grain that you could "wring water out of" last week is testing 13 and 14 this week. Everyone is busy.

JACK BROWN, A former ex-convict and drug addict, will speak at the First Baptist Church in Happy on Saturday evening, Oct. 20, at 7:30 p.m. Please come and hear him. Jack Brown is a man with a message. He knew Bonnie and Clyde, Al Capone, and the Birdman of Alcatraz. Jack Brown became a christian and sometime later was pardoned by Governor Pat Brown. Since that time, he has devoted his life to young people. He has lectured in schools, clubs, and churches and has spoken to over four million in the last eight years. He knows the story from its simple beginning to its horrible end, and he is ready and able to tell it like it is.

BECAUSE OF AN early morning speaking engagement in Plainview, Jack Brown will speak to the Happy school students on Friday morning, Oct. 19, at 11:30 to 12 noon. And he will return to speak at the First Baptist Church on Saturday evening at 7:30. Be there!

Terminated WT History Prof Reads Paper In Fort Worth

A West Texas State University history professor whose employment has been terminated for the 1974-75 year read a paper last week before the prestigious Western History Association in Fort Worth.

Dr. Michael Green, assistant professor of history at WTSU presented a research paper entitled "'The caprices of so unreasonable a superior': Indian Administration in Iowa Territory."

Also attending the three-day convention were Drs. Fred Rathjen and Gary Nall, both of WTSU history faculty.

In his many years of attending the annual WHA conventions, Dr. Rathjen commented that he felt Dr. Green's presentation was "as good if not better than any I've heard read at the meet."

Dr. Rathjen is among several of Dr. Green's colleagues who feel that something should be done to retain the young professor at the university.

Green was among the 14 faculty members at WTSU whose employment was terminated for the 1974-75 academic year due to a three-year decline in enrollment.

Green, the departmental scholar on American Indian history, is a graduate of Cornell College with a master's degree from the University of Iowa. He recently was awarded a doctorate from Iowa.

The professor's summer activities this year included attendance at a seminar at the University of Oregon under a fellowship awarded to him by the National Endowment for the Humanities.

With Dr. Russell Sparling of the WTSU English department, Dr. Green developed a new interdisciplinary course being offered for the first time this fall at WTSU.

The course, entitled "The American Dream," attempts to explore the aspirations and actualities of the American experience as revealed through history and literature.

Gene Howe News

6th Grade Choir To Honor Veterans Day

By TROYCE MULHERIN

GREETINGS:

THIS COMING MONDAY, Oct. 22, will find our sixth grade choir students at Gene Howe recognizing Veterans Day in a musical way! "I Am The Nation" is the theme, or title, of their production, which will take place at 10:15 a.m. at the school. You're invited, they're invited, in fact everybody's invited to come and listen to several musical selections. There will be some piano playing, some bell ringing, some drum drumming and some solos soloing. Margie Phillips, music director, says that the youngsters are real excited and have been happily practicing for the big day. Sure be a nice way to start the week.

A NICE WAY to start the upcoming weekend will be to take in the 17th annual Antique Show and Sale sponsored by the Amarillo Federation of Women's Clubs. The show starts this Friday at the Federation clubhouse, 2003 Civic Circle. Hours for Friday and Saturday are from 10 a.m. to 9 p.m. Hours for Sunday are from 1 - 6 p.m. Admission is one little ol' dollar. This ticket purchase entitles the bearer to come and go and see the show, any part of, or for all day, all three days of the show and sale.

THE FEDERATION LADIES will be serving lunch and supper, and past experience speaking — it's delicious. All for a nominal sum, natch. About 30 dealers from Texas and neighboring states will bring goodies for us to drool over. Come and look and buy, if you find something you cannot, absolutely, cannot live without.

A NICE WAY to end this weekend can be found in attending the open house and reception opening a two week show being jointly held by two area artists. Betty True will be showing 23 of her works in photography, and, Winona Molesworth will have 22 works in oils and watercolors. The place is The Gallery, in Amarillo, at 204 S. Western. The time for the reception is this Sunday, Oct. 21, from 2-5 p.m. Attending the reception will not only enable you to meet and visit with our artists, you will get to sample some of their homemade cookies, too! The two week show will end Nov. 14, and will remain open to the public during the regular Gallery hours. Do make it a point to treat yourselves to a view of this talented twosome's works. Beautiful, beautiful, beautiful.

REMINDERS

School will be dismissed early Tuesday, Oct. 23.

Gene Howe's chili supper is to be on Nov. 2.

Keep saving the Campbell soup labels — the P-TA is collecting labels, which will be used for equipment for the school. (Takes a lot of labels — so eat a lot of soup, please).

Carpet remnants and scraps are badly needed! Call 352-6053 or 355-0028, and someone will pick up your labels and/or left-over carpet pieces. Helllp!

MISS LAYMAN'S FIRST grade class is proudly displaying the P-TA banner it won for having the most parents in attendance for the primary open house. Mrs. Parson's sixth grade class won the banner for the intermediate grades. Congratulations to both these rooms.

THE OFFICE AT Gene Howe is very crowded these days — the reason for the lack of moving-around room is a great big pile of once-lost and now-found items which have accumulated since last school year. There are some real nice coats and various and sundry items of wearing apparel. Shoes, socks, unmentionables, as well as other mentionables sure want to go home. Mittens for the right hand, mittens for the left hand (some alike, some not alike) and hats — you name it — it has been found. Mothers — check with the youngsters and then check the pile — who knows what will be found that belongs to you or yours.

THAT P-TA MEMBERSHIP contest is history. Five hundred twenty-three people joined up and are now known as card-carriers. Add to this total five life members for a grand total of 528 welcomed P-TA'ers. Three banana split parties were given last Friday to rooms with the greatest percentages of parents joining. Mrs. Mary Jo Smith's fifth grade room topped the list with 87 per cent of her parents joining. Mrs. Pat Steven's second grade room tied with Mrs. Jerrie Langen's third grade class, both racking up 81 per cent. Sure great to have so many interested parents in our school.

BETH BALKE IS hostessing a get-together coffee for mothers of all seventh grade football players this Saturday. Her home, 4217 Gary, in Amarillo, from 9-12. Every mother who happens to have a seventh grader playing football is very welcome to come and visit with the other mothers. Excellent way to become acquainted with your sister bench-warmers. Mrs. John Childs and Mrs. Leonard Schmidt are lending Beth a hand with this undertaking. Y'all come!

THE PUNT, PASS and Kick happening held recently in Amarillo found us with three Gene Howe area winners. Britt Bostick won second place in his age division (11), and Bill Gruhlkey won second place in the age 12 division. Both youngsters have trophies attesting to their skills. Steve Sellers garnered fourth place in the age 10 division. Britt is the son of Mr. and Mrs. Jim Bostick; Bill is the son of Mr. and Mrs. Roger Gruhlkey; and Steve is the son of Mr. and Mrs. Edgar Sellers. Congrats to these young men and to their proud parents.

THOSE OF YOU with good memories will recall the hillbilly band that performed in the Sixth Grade Concert held last April 30th. Mrs. Suzella Parsons, sixth grade teacher at Gene Howe, is in need of a photograph of this band. So, please let her borrow your photo, if you have one. She guarantees its return. Please and thank you. (Oh, yeah — this is not, repeat - not, the regular sixth grade band. This band performed with combs and washboards and saws or like musical instruments). Search your memories and your files.

YOUNG JOHN HICKS became seven-years-old on the 15th and celebrated with a party. Jay Edwards, Ginger Gerald, Lori Moser, Pam Holt, Greg Coronado, Carla Schmidt, Don Meier, Tracy Betty, Darren Wheeler, and Kevin Patterson helped John and his sisters, Shiela and Karol, eat the goodies and play the party games. That evening John took his family out for pizza, bringing to a close another happy for the birthday boy. John owns Phyllis and Johnny Hicks.

AMARILLO AREA COUNCIL furnished refreshments for the District 8 fall seminar held last week at Fannin Jr. High in Amarillo. Aurila Currie is president of District 8 and presided during the seminar. Bettye Stokes, Jackie Mayfield, Jane Davis, Margaret Ingram and Ernestine Harp represented Gene Howe and were treated to some lively entertainment by Zoe Henry. An informative and interesting morning for the P-TA.

A HAPPY BIRTHDAY to Louise Bromley on the 16th and to Billy Mayfield on the 18th.

ONE GENE HOWE team reported in this past week. The fifth grade team coached and co-coached by Wes Bromley, Ken Wallace and J.L. Riley won over Oakdale. Wayne Wallace scored three touchdowns, and Rusty Riley scored the extra point reflected in the 19-7 score. The team's reporter enthusiastically related that all team members played well and performed their respective jobs in commendable form. Scott Davis intercepted a pass during the game, too. Congrats, men.

GEMMA JOHNSON CELEBRATED her day with a skating party. Whizzing along on the wheels were Michelle Arnett, Ramona Wilson, Kim Langford, Jan Aduddell, Stormy Moreland, Catana Black and Susie Ovenstone. (Mother Johnson even gave the rink a turn or two, and, in so doing, gave the girls a giggle or two). Following the skating, the girls took themselves and their blisters to the Jim Johnson home for goodies and games.

LISA ERWIN AGED a year on the 9th, and invited Cindy Hare, Lauri Carlile, Cindy Todd and Janice Delaney to attend the homecoming game in Canyon. Following the game the girls retired to the Harold Erwin home for cake and a slumber party. Many more happies to this young lady.

DID YOU KNOW that in some circles Gene Howe is known as the Palo Duro Nation? Well, it is so known to members of the Y Indian Guides. Johnny Hicks is chief of the Apache Tribe, and Dave Coronado is chief of the Sioux tribe. This is an organization for fathers and sons, and they recently held a fall camp-out at Camp Christmas Tree. New members were initiated, and for the very first time ever, the female species were allowed to attend such ceremonies. Five hundred people attended the weekend camp-out and initiation. (The females left after eating their menfolk's cooking and following the bonfire).

THIS IS A fairly new undertaking at Gene Howe, and involves fathers and sons working, camping, and spending some time together. There are two or three family-type socials during the year-round program.

PHILOMATHIC STUDY CLUB held its annual guest day tea last Friday. The lovely table decorated with fall colors and bearing delicious refreshments were enjoyed by Raydell Palmer, Darlene Campbell and yours truly. Many of you are familiar with Joyce Thompson, who also attended the tea as the guest of Ruth Martin, president of Philomathic.

ARTS UNLIMITED MET at the Southwestern Public Service building last Thursday. Club members and guests were treated to a needlework program presented by The Needle's Eye. Crewel, needlepoint, rug hooking and other various types of needlework were covered. Sure made a body want to get busy on a new piece. (Forget the old — start a new).

REMEMBER TO GET some wrapping paper and ribbon from the Canyon Band Parents Association. Might as well get a Vienna cookbook at $2 each while you are thinking about presents and present wrappings. Sherrie Cates (355-2080); Betty Johnson (622-0041); Pat Seth (355-6929); and/or Willeta Johnson (488-3074) will gladly take your orders. The gift paper is $1.50; the ribbon costs $1 a roll; and, bow makers at $1.25 and bow pins at 50 cents for a package of 24 are also available. Not only good buys — good community service, too.

ALL P-TA DUES paying families should have their school directories in their anxiously awaiting hands by now. Now — since this directory was compiled and constructed by human types, there will surely be some necessary corrections or changes to be made. If you or yours find names, telephone numbers, addresses, etc. incorrect, or if same have been changed since the directory went to the printer a while back, please call me with the correct information, and it will appear in this column. Might have accidentally left someone out. If so, call, and your statistics will be printed here for everyone to insert in their copy. This is important! Room mothers and party givers have been known to use this directory in their course of business. So, do call — 352-6053. All families paying P-TA dues will receive a directory free. Extra directories may be available for purchase next week. (Have to talk to Western Office Supply about obtaining extras. A public and grateful thank you to my Guy for doing this work for us).

THANKS FOR THE use of the hall. Call 352-6053.

Kent Finds Recruiting Paid Off In WT Netters

West Texas State University tennis coach David Kent knew things weren't going to be too bad when he started out recruiting last spring as he had back a trio of solid veterans from last spring's Missouri Valley Conference championship team.

What Kent didn't know until fall drills opened and his netters played in a trio of tournaments was how well he had recruited. He now has a very good idea about the class of players he recruited and his usual quick-step walk and rapid-fire talk has been joined by a grin which stretches from one sun-burned ear to the other.

In a pair of collegiate tournaments, Kent's Buffaloes have walked off with all of the silverware. They made their best showing to date in the Midland Invitational, which is an open tournament.

First, the Buffaloes rolled past Colorado, Kansas and the Air Force Academy to win the team championship at the Rocky Mountain Intercollegiate at Boulder, Colo. Then they played as individuals in the Midland tourney.

At Midland, freshman Steve Johnson of Reno, Nev., reached the quarter-final round before falling to SMU's highly-rated David Bohrnstedt. Veterans John Phillips of Snyder and Dale Corbin of Wichita Falls defeated the number one doubles team from Trinity, Jim Timmons and David King, in straight sets, 6-4, 6-3.

This past weekend, the Buffaloes rolled to a team victory in the Oklahoma State Intercollegiate Doubles Tournament at Stillwater, Okla. When Saturday's semi-finals rolled around, there was nothing left but a trio of West Texas State teams and one from Oklahoma State.

When senior Bill Marsh and Johnson won their way into the finals against Phillips and Corbin, Kent decided to let lady luck play a hand and not play the match.

"We were given tickets to the OSU-Texas Tech football game Saturday afternoon and the players wanted to see the game," said Kent. "In order to have played the match that day we would have had to have gone back to the courts following the game. The two teams flipped a coin and the Phillips-Corbin duo won on straight flips on a two-out-of-three basis."

Marsh and Johnson have been tough to beat since they first paired together. They won the Tri-State Tournament in Amarillo over Labor Day, beating Phillips and Corbin in the Finals. They also had another strong win in that tourney — defeating a pair of former collegiate standouts David Bryant and John Mozola.

In the meet at Stillwater, Johnson and Marsh teamed to halt Oklahoma City University's number one doubles duo, Steve Maddern and Eddie Wedderburn, 7-6, 1-6, 6-4.

"This is the best we have ever done during the fall," beamed the happy Kent. "We have more good players than ever before. We now have quality and quantity for the first time. All four freshmen are excellent players and red-shirt sophomore Gary Randall has been a pleasant surprise."

Of the four freshmen, Kent is probably more pleased with the efforts of Johnson.

"That little guy doesn't look too impressive during practice, but when they ring the bell to start a match, he's tough," said Kent. "Brett Hall of Houston has as much potential as any player I've coached. Dana Caledonia of LaJolla, Calif., is an excellent doubles player and San Angelo's Jay Goss is playing fine tennis."

Kent was highly impressed with the work of Goss and Randall to reach the OSU tourney semi-finals. They defeated the number two teams from OSU and Oklahoma City University, before falling to Phillips and Corbin, 6-2, 6-3.

The Buffaloes start a round-robin singles and doubles tourney this week and will continue play each Tuesday, Thursday and Saturday at 2:30 p.m. Following the tourney a challenge ladder will be established to keep the players in top shape.

Sifting sand for cents was chosen by the United Methodist Youth Fellowship and the Canyon Dames will have a Nickle Toss. Beta Sigma Phi will be serving hot chocolate and slices of cake and pies, and the Umbarger 4-H will have a fishing pond. For those who didn't get enough bingo playing in at the Lions Club Carnival the Noon Lions are planning a repeat of the bingo for the Halloween Carnival.

Many of the booths and games will be located in the Bull Barn. However, due to the overwhelming response, the Canyon Study Club has decided to move a portion of the activities that would be of interest to adults to the Canyon Community Center, such as bingo, in an effort to better serve the public.

Candidates for the Halloween Queen Contest will be announced by the Study Club next week. To vote for the candidate of one's choice, jars will be placed around town, one penny in the jar is one vote for that candidate. Patricia Magness is in charge of queen candidates and questions pertaining to the contest may be addressed to her.

The Canyon Study Club invites the public to come and enjoy the booths, food and games on Halloween night.

Dedication Saturday For WT Nance Ranch

Nance Ranch, a landmark Hereford ranch and the showcase of the West Texas State University School of Agriculture, will be dedicated in ceremonies Saturday as part of Homecoming activities at the university.

The property, a portion of the original 10,000-acre George Nance Hereford Ranch, is 5.5 miles east of the WTSU campus. It was donated to the university in 1971 by Lucille Nance Jones and her husband, L. L. Jones. Mrs. Jones was the widow of Nance, who died in 1954.

The ranch is composed of 670 acres cultivated and 1,723 acres of native open pasture. Improvements include a 60-foot by 100-foot pavillion where Nance hosted some of the bigger stock shows and sales in the nation.

In its first two years of operation, West Texas has constructed a 500-head experimental feedlot, a 90-sow farrow finish unit, pens and handling facilities and an elevator and feed processing facility, among other things, with a $100,000 operating budget given by about 300 area people, says Dean Charles Smallwood of the School of Agriculture.

Dedicatory activities will begin at 3 p.m. with an hour-long tour of the ranch for the 2,500 invited guests.

John C. White, Texas commissioner of agriculture, will deliver the principal address at the ceremonies. He will be introduced by state Sen. Max Sherman of Amarillo.

Dr. James P. Cornette, university chancellor, will introduce Mr. and Mrs. Jones. The dedication speech will be delivered by a member of the WTSU Board of Regents.

A commemorative plaque will be unveiled by Mrs. Jones during the ceremonies, reading in part, "dedicated to the education of youth in the Golden Spread."

Carroll Doshier and James (Doc) Potts, both of Amarillo, will recognize agribusiness leaders and others who helped in the $100,000 fund-raising project to develop the ranch for educational purposes.

The ranch, under Nance, was known throughout the Panhandle and the Hereford cattle world as the center of one of the top 10 registered Hereford herds in the United States. In 1953, when drouth and poor health forced curtailment of operations, Nance auctioned off 1,000 head of registered Herefords.

The purebred sale ran for three days and was the largest anywhere in 25 years.

Nance was born in Lavaca County in South Texas and was reared near Electra. He took over the Canyon ranch around 1924.

Commission Rejects Pioneer Rate Request

Canyon city commissioners as expected Monday night declined to grant to Pioneer Natural Gas Co. a monthly cost adjustment, saying the company failed to prove the adjustment necessary to meet an emergency situation.

Commissioners acted on a recommendation from City Manager George Loudder, who based his recommendation on similar recommendation from a committee formed by several cities on the Pioneer pipeline.

Loudder had told The News several weeks ago he would probably recommend the request be denied at this time.

Commissioners based their decision on a memorandum from Fred Poe, chairman of the steering committee which investigated Pioneer's request for the several cities.

Poe said the recommendation is based on the feeling that a case now pending before the Texas Railroad Commission might have some bearing on Pioneer's request.

In passing a resolution denying the request, commissioners also approved the appropriation of a pro-rated sum of money to help bring the case before the railroad commission if necessary.

In other business Monday night, commissioners considered for nearly two hours a revised set of schematic drawings for the new proposed civic center and activities center for the city.

The drawings were revised from a previous set considered about three weeks ago.

Discussion on the drawings centered around the need for and location of a drive-up window for paying water bills and minor changes in the internal floor plan.

City department heads are expected to review the schematics before the weekend before they are returned for final completion into the architectural firm HD&R of Dallas.

Commissioners also approved a sign replacement program with costs shared by the state and the city. The program would provide for replacement of existing street warning signs with new signs in compliance with new federal warning sign standards.

Loudder said the program would also allow the city to place a warning sign of some sort at each unmarked intersection in Canyon.

Cost of the signs will be $12,652 with the cost borne by the state. The city will match the funds by installing the signs.

Commissioners reappointed Clarence E. Thompson, M.B. Sims and Kenneth Olsen to three-year terms on the planning and zoning commission and appointed Weymon Brown to replace Benny R. Cooper on the board.

FTA To Have Bake Sale Sat.

The Future Homemakers of America from Canyon High School have solved the problem of what to serve for dessert during the homecoming weekend rush.

They are having a bake sale Saturday at Cooper's Market that begins at 9 a.m.

Lunch Honors Chorale Exes

A luncheon honoring West Texas State University Chorale exes and parents of present members will be sponsored by the choral music department during Homecoming activities Saturday.

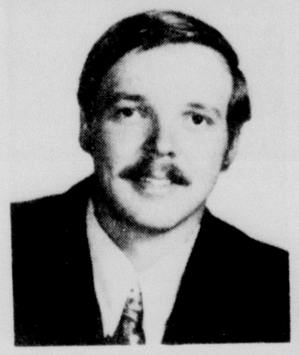
The luncheon will be held in the choir room of the Fine Arts Building on the Canyon campus at noon.

"Last year we had a real good response from the exes when we held the luncheon for the first time," says Hugh Sanders, choral director. "We hope this year's affair will be even more successful."

Tickets for the luncheon will be $2. Reservations may be made by calling the music office at 656-2016, Sanders says.

Museum Names Associate Director

A 26-year-old Midwesterner with a doctorate in American history has been named associate director of the Panhandle-Plains Historical Museum here and will become director of the museum next September.



James Austin Hanson

James Austin Hanson, a native of Colorado, will join the museum Jan. 1, according to Director Boone McClure.

McClure is to retire Sept. 1 and Hanson is then to become museum director. McClure has been director of the museum since July 1941.

A 1965 graduate of Northwestern High School in Hyattsville, Md., Hanson received a bachelor of science degree in education from Chadron, Neb., State College in 1969, a master of science degree in education from Chadron in 1970, and a Ph.D. in history from the University of Wyoming in 1973.

Since December 1972, he's been director of the Museum of the Fur Trade at Chadron. He has also been a graduate and teaching assistant at the University of Wyoming, and a museum consultant for the Wyoming state museum system.

He was recipient of the Smithsonian Institution study grant for research on Plains Indians in 1972.

A book Hanson authored concerning the material culture of the Western Sioux is scheduled for publication in late 1973 or early 1974 by the University of Nebraska Press.

Former Convict To Speak At Happy

A former convict and drug addict, Jack Brown, will speak at the First Baptist Church in Happy at 7:30 p.m. Saturday.

Brown, who knew Bonnie and Clyde and Al Capone and the birdman of Alcatraz, became a Christian and was later pardoned by California Gov. Pat Brown.

He has lectured in schools, clubs and churches throughout the country and has spoken to more than four million persons in eight years.

Efforts Renewed This Fall For WT Literary Publication

A West Texas State University literary journal is again in the works, with publication date slated in February, according to Dr. Russell Sparling of the WTSU English faculty.

Last year's attempts to start such a publication bogged down because of financial and other reasons, Dr. Sparling said.

But he added that this year, students and faculty members working on the project are determined to turn out a first edition of the journal before the school year is out.

Sponsoring the publication is Sigma Tau Delta, honorary literary fraternity at West Texas State University.

Recently named as editor-in-chief of the publication was Wade Naney, WTSU senior from Lorenzo majoring in English.

Sparling said that the editorial board for the journal is again accepting submissions of manuscripts from interested persons.

The journal will also include works submitted by students and faculty members last year, he said.

Material being sought includes art work, photography, short stories, plays, critical essays and poetry.

Each manuscript should include the name and address of the writer, he said. Works submitted will receive at least three critical opinions including those of an English faculty member, a student editorial board member and an evaluation by Editor-in-Chief Naney.

The editorial board is also seeking donations for funding the project, Dr. Sparling said.

Those interested in either contributing to the publication drive or in submitting material for the journal are asked to contact the WTSU English department.

Dr. Sparling said he felt the WTSU literary publication will provide a creative outlet for the talents of students and faculty, and would go far in improving the intellectual environment of the university.

Amarillo Symphony Concert To Feature Canyon Youth

Bryan Garner, son of Dr. and Mrs. Gary Garner of 8 Country Club Drive, will be a featured flute soloist with the Amarillo Symphony in a children's concert, slated at 3 p.m. Saturday at the Amarillo Civic Center Coliseum.

The event marks the second time the young flutist has appeared with the Amarillo Symphony under the direction of Dr. Thomas Hohstadt.

Garner made a guest appearance with the group last year after he won the Amarillo Symphony's Solo Auditions Competition.

Bryan Garner

Programmed for his performance is Kent Kennan's "Night Soliloquy."

Garner has been the recipient of numerous musical honors. He was named to the first chair in the All-State Band this year, and has been honored as Outstanding Flute Player in the state for two consecutive years.

He has won three outstanding medals in the Greater Southwest Music Festival in Amarillo, and also received four gold medals for his performances in state solo competition.

Tickets for the concert, priced at 75 cents, will be sold at the door.

Cross-Country Race Saturday

West Texas State University hosts its fourth annual Cross Country Invitational at 11 a.m. Saturday over a four-mile course at Amarillo's Thompson Park.

Texas Tech, Eastern New Mexico University, Wayland Baptist College and Lubbock Christian College will join the Buffaloes for the meet.

ENMU and Texas Tech will probably rate the favorites' role in the invitational meet.

West Texas State coach Bob Kitchens will enter a six-man team. Sophomores Larry Lane of Buffalo, N.Y., and Lindsey Snodgrass of Dell City are the only veterans returning on this year's Buffalo team. Lane placed 11th last fall in the Missouri Valley Conference meet.

Other Buffalo runners are freshmen Jim Henson of Hereford, Dave Karila of Thunder Bay, Ontario, Canada; Jay Jones of Floydada and Steve Williams of Canyon.

Frosh Buffs Close Season Saturday Nite

West Texas State University's undefeated freshman football team closes its season at 7:30 p.m. Saturday in Del Rio against Monterrey Tech of Mexico.

The final game may well be the toughest for the Baby Buffaloes of coach Ronnie Mankin as Monterrey Tech is a senior college and features a handful of former standout Texas high school players.

The Baby Buffaloes have defeated Cisco Junior College, 16-0; University of Texas at El Paso Junior Varsity, 32-12; and Northeastern Oklahoma A&M Junior College, 14-8.

Monterrey Tech has a 3-3 record for the year. The team from Mexico defeated Accion Deportiva of Mexico, 14-0; University of North America of Mexico, 35-9; and the University of Medicine and Biology Poly Tech of Mexico, 37-10. The losses came to University of Poly Tech of Mexico City, 19-10; University of Nuevo Leon, 9-7; and Trinity University of San Antonio, 48-0.

Leading the Monterrey Tech team is 6-2, 225-pound fullback Juan Crosby of Eagle Pass. Joining the big junior in the backfield is another junior, Ronnie Washington of San Antonio, and freshman quarterback Carlos Guzman of San Antonio.

Saturday's game is part of Fiesta Amistead, the 19th annual Del Rio-Cuida Acunta Good Neighbor Celebration. A parade Saturday morning will be led by Texas Lt. Governor Bill Hobby. That parade will travel a six-mile route through two nations.

Leading the Baby Buffalo offensive charge this fall has been 5-9, 160-pound Bryan Carr from Orange. The younger brother of Buffalo senior safety Daryl Carr has rushed for 341 yards in the three games, two from the tailback position and one at quarterback.

Carr started the opening game of the season at quarterback, but when tailback Donald Jackson injured a foot he moved back to that position. Jackson is still injured.

Sophomore Mike Adams from Big Spring has quarterbacked the Baby Buffaloes for the past two games because of the key injuries. He has rushed for 164 yards in the two games.

Iowa Park Sophomore Crowned As Miss WTSU

Sandra Kay Skinner, Iowa Park sophomore, is the new Miss WTSU at West Texas State University.

The 19-year-old Spanish major, daughter of Mr. and Mrs. Luther B. Skinner, 1512 Douglas, Iowa Park, was selected from 14 contestants in the Miss WTSU Pageant last weekend.

Miss Skinner is the featured baton twirler with the WTSU marching band. She is a member of Delta Zeta social sorority.

Sandra Kay McGill, 20, daughter of Mr. and Mrs. Sam McGill, 1606 Ellison, Wellington, was first runner-up and Lana Dee McWilliams, 21, daughter of Mr. and Mrs. K.G. McWilliams, 701 E. Alabama, Sweetwater, was second runner-up.

Renda Lowe, 20, daughter of Mr. and Mrs. Herschel Lowe, 1314 E. Buckley, Brownfield, was named Miss Congeniality by the other contestants.

The new Miss WTSU received a $1,000 wardrobe from the Hub Clothiers of Amarillo, which will also sponsor her in the Miss Texas Pageant in Fort Worth next summer, a $250 scholarship from the West Texas Ex-Students, Inc., and a $100 grant from the University Book Store.

Canyon Student Wins Scholarship

A West Texas State University sophomore from Canyon has been awarded the Du Pont Scholarship by the Department of Chemistry.

He is Michael Downing, a biomedical science major, and s n of Mr. and Mrs. Neil Downing of rural Canyon.

Michael Downing

The scholarship carries a stipend of $70 per month and will last for the duration of Downing's undergraduate work at West Texas State.

Downing maintained a perfect 3.0 grade point average during his freshman year.

Winners Announced In Poster Contest

Winners were recently announced in the Canyon Band Parent's poster contest in which students vyed to see who could best advertise the organization's Haunted House.

The Haunted House will be located at the former site of Porter's Barbecue, 801 23rd St. and will be open at 8 p.m. Oct. 26, 27, 29 and 30.

Admission will be 50 cents a person. Proceeds will go toward financing the Canyon High School Eagle Band's trip to Anaheim, Calif., where it will be performing at the National Music Educators Convention to be held there.

Winning $5 prizes in the poster contest were fourth grader Jeff Kennedy in the 1-6th grade division, and ninth grader Bryan Young in the 9-12th grade division.

Second place winner in the 1-6th grade division was Holly Hooper, fourth grade student. Third place went to Jon Pigg, fifth grade student.

Winner of second place in 9-12th grade division was Bryan Garner, ninth grade student at Canyon Junior High School. Taking third place was Karen Sommer, ninth grader at CJHS.

Second and third place winners in the contest received free tickets to the Halloween Haunted House, a spokesman said.

Canyon Educator Back From Tour

Vondine McGregor, curriculum director of elementary education in the Canyon schools, was in El Paso this week for a study tour of the Region 19 Service Center there.

The Canyon educator also visited various schools in the El Paso area for the purpose of examining new reading programs and other innovations that have been recently augmented in the school curriculum of that city.

Mexico Trip Reaps Benefits

A year ago, Mrs. Margaret Harper, publicity director for the musical-drama "TEXAS" traveled to Mexico to drum up some interest in Canyon's show in that country.

Now, her trip is reaping the benefits.

Last week, Mrs. Harper received four articles or mentions of "TEXAS," clipped from newspapers and magazines and travel brochures.

"I think the whole international market is going to open," Mrs. Harper said.

In an effort to help that market open to the benefit of Canyon, Mrs. Harper has prepared in the past news releases in Spanish and says she'll continue to try the Mexican market.
